Subject: Modern Biology and Public Policy

Dear Dr. Tripathi,

The Scientific Director and I have discussed your request for partial support for the above sited conference. Unfortunately, we are unable to provide you with the requested support. This decision is based in part on the fact that CTR prefers to support Basic Biomedical Research in contrast to Public Policy. Although we are unable to lend assistance for this particular conference, we hope you will not hesitate to contact us about partial funding for future meetings.

Sincerely,

  
George A. Hashim,
